**Absent:** Anthony Halim, Richard Brousseau Jr.

**Others:** Laurel Anderson (City Scan of Connecticut Policy and Economic Council)

**The meeting was called to order** at 7:00 PM

**Master Plan ENNA recommendations document.**

The board began discussion on positions that are taken in the documentation that the individual board members have submitted. Consensus to be reached on each position before deciding if the information will remain in our final document, and how much of the information will remain. Discussion also continues on additional positions to be added.

**Board recessed** at 7:30 PM to attend various other meetings taking place at City Hall with agenda items important to the ENNA.

**Board reconvened** at 9:00 PM

**Guest Presentation; Laurel Anderson, City Scan.**

Laurel Anderson described the process of documenting conditions in neighborhoods with photos. The information is then given to City Hall for the departments to address. Laurel A. has done several scans with us over the past couple years. The Mayor's Neighborhood Preservation Committee (Task Force) discusses the scans at the monthly meeting. ENNA is represented each month by Laurel L. to present our information. Board reviewed and discussed photos already taken in preparation for the Walking Tour on April 7.

**Master Plan ENNA recommendations document.**

Discussion continued. Plan to meet again prior to the next board meeting to continue the drafting process since the draft is to be ready for the April 12 Coalition of Norwalk Neighborhood Association (CNNA) meeting.

**Next regular board meeting** will be April 15, 2004

**Meeting was adjourned** at 10:00 PM

Respectfully Submitted,

Laurel Lindstrom
